

Communicators for Christ

Student Prep Checklist

The Communicators for Christ conference is a world-class training event designed to inspire, equip, and encourage *you*. This preparation checklist can help you be fully present and ready to have the best experience possible.

Clear your schedule to focus your energy

- Request an excused absence from any classes or extracurricular activities that conflict with the conference dates.
- Make a plan for homework that allows you to focus for 2 full days.
- Plan to take care of pets during the breaks.

Prep your tech

- Determine your space and test your wifi there.
(Helpful hint: be comfortably seated in a chair with good lighting in front)
- Join the CFC Check-in connection on your device before your CFC. Log-in information and details will be provided separately.

Prepare to engage

- Download and print the emotes on the CFC website. Anticipate something fun!
- Eliminate distractions in your view and in view of your camera.
- Have some paper and writing utensils handy.
 - What helps you engage online? Have a stress-ball or playdough within reach to discreetly keep your mind and body focused.
- Dress to meet new friends from around the world!
